It's Time to PASS NCLEX!

GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT

The Welcome Back Center NCLEX Review
- Nurses from outside San Diego can take this course - See Below!

The *San Diego Welcome Back Center* has partnered with *ATI Nursing Education* to provide Internationally Trained Nurses with the best opportunity to pass the NCLEX Exam. The program is geared for working adults. The Spring NCLEX includes 4 days in class: March 11th through March 14th to be held at ***Grossmont College*** - followed by the online Course - **and you can stay in the Course until you are ready to pass NCLEX!**

The NCLEX Review is an effective Course that prepares foreign-trained nurses for NCLEX success. ***This Course directly aligns with the current NCLEX test plan***. Through assistance with an on-line coach, students are successful in a personalized, assessment-driven NCLEX review in an online classroom that provides them with access to a variety of on- demand resources.

Students receive feedback and encouragement from their online coach. A calendar is provided to guide the student's daily review. The review is personalized as the student progresses - so special focus is given to topic areas where more attention is needed. **It works**. NCLEX pass rates are nearly 100% when students follow their coach's recommendations.

Each student is assigned a coach who is a qualified Nurse Educator with at least 5 years of teaching experience and a minimum of a Master's degree in Nursing. The Nurse Educator acts as a coach to facilitate student progress with NCLEX® preparation by providing individual support.

- ✓ Detailed diagnostic reports are generated immediately each time a student takes the practice assessment. The coach gives individual feedback after each assessment.
- ✓ Online assessments include over 500 questions with rationales for correct and incorrect answers.
- ✓ On-demand classroom features include over 250 online learning activities, links that support learning, NCLEX® Question of the Day forums, and an online virtual bookshelf.
- ✓ Students take a **Comprehensive Predictor Exam** at the completion of the review.
- ✓ Students receive review materials in both print and video formats.
- ✓ Weekly progress reports are provided to Welcome Back Center staff.
- ✓ Register today and start preparing for the NCLEX!
